

MISSISSIPPI  
DEPARTMENT OF CORRECTIONS

ANNUAL REPORT  
FISCAL YEAR 2005

STATE OF MISSISSIPPI  
DEPARTMENT OF CORRECTIONS  
CHRISTOPHER B. EPPS  
COMMISSIONER

Dear Fellow Mississippians:

On behalf of the Mississippi Department of Corrections (MDOC), I am pleased to present the Annual Report for Fiscal Year 2005. This comprehensive report details MDOC accomplishments from July 1, 2004, through June 30, 2005; is filled with facts and charts reflecting the state's felony population; and provides definitions of correctional terminology that I hope you will find helpful.

I am proud of the progress our agency made during Fiscal Year 2005 and the many successes achieved. MDOC is now running more efficiently, spending 5% less this year than last, despite a 10.8% increase in the number of convicted felons. Agency wide reductions in salaries associated with House Bill 1279 position eliminations, reorganization of upper level positions, retirements, resignations, and other terminations resulted in a \$15 million savings.

MDOC became the first state agency in Mississippi to receive a Five Star Statement of Support from the Mississippi National Guard and Reserve for exceeding "above and beyond" what is required by the Uniformed Services Employment and Reemployment Rights Act of 1994.

A 15-year lawsuit between the American Civil Liberties Union and MDOC over the treatment of HIV-positive inmates was terminated by the United States District Court of the Northern District of Mississippi. The court found the conditions of HIV-positive prisoners had improved enough that injunctive relief was no longer needed and ended the litigation.

We have met nationally accepted correctional standards through the American Correctional Association for each of our three (3) state prisons, sixteen (16) of seventeen (17) community work centers, two (2) of our four (4) restitution centers, all eleven (11) county/regional facilities and the majority of our private prisons.

The South Mississippi Correctional Institution, in cooperation with Correctional Medical Services, Inc., became the first Mississippi prison to be accredited by the National Commission on Correctional Health Care.

MDOC provided effective treatment programs for offenders throughout the year, graduating 592 state inmates through the agency's GED, Adult Basic Education/Literacy programs, and 826 offenders through vocational training programs. We believe a better educated and trained individual is more likely to become a productive citizen and a tax payer instead of a tax burden once released from incarceration.

These and many other accomplishments during the fiscal year represent the Mississippi Department of Corrections' commitment and passion to provide excellence in public service and efficient and effective offender custody, care, control and treatment. As we move forward, we will continue to strive to perform at our best as leaders in corrections. Our mission of providing public safety is only matched by our pledge to be good stewards of the state's resources.

Sincerely,

Christopher B. Epps  
Commissioner

# MISSISSIPPI DEPARTMENT OF CORRECTIONS

## DEFINITION OF CORRECTIONAL TERMINOLOGY

A&D - Alcohol and Drug Treatment Program

ABE – Adult Basic Education; educational classes designed to improve the academic functioning level of offenders whose grade equivalency is 4.0 – 8.9.

ACA – American Correctional Association

Custody Class

“A” – This is a minimum custody status, which affords the offenders a more relaxed atmosphere and an extension of social privileges. This custody requires a responsible attitude and the display of a high degree of integrity, along with the ability to work satisfactorily with minimum supervision or security control. The two types of MDOC “A” custodies are as follows:

MOA-Minimum Out - This custody has the least security and supervision required of an institutionalized inmate. Usually this type of custody is housed in a community based facility.

MORA-Minimum Out Restricted – This custody has the least security and supervision required of an institutionalized inmate. Usually this type custody is housed under minimum secure circumstances and may participate in activities on institutional grounds without immediate staff supervision.

“B” – This is a medium security status where the offender has displayed a desire to be considered responsible and has progressed to the point where he does not need constant supervision or security control in his work assignment. The two types of MDOC “B” custodies are as follows:

MOB-Medium Out – This custody level inmate is housed in medium security units and must be under direct/constant MDOC supervision when engaging in activities outside the perimeter.

MORB-Medium Out Restricted – This custody level inmate is housed in medium security units and must be under armed supervision when engaging in activities outside the perimeter.

“C”-Close – This custody is also known as Close Custody or Close Confinement. This custody requires an inmate to have close supervision and observation and under positive security control at all times. The offender must be under armed supervision outside the perimeter.

“D”-Maximum – This custody level is a form of separation from the general population by a MDOC Classification Hearing Officer where the offender’s behavior and conduct pose a long

term, serious threat to life, property, self, staff, other offenders, or the secure and orderly running of the institution/facility

“DR” - Death Row

ERS – A program whereby offenders eligible under State Code criteria may earn their conditional release to community supervision by the accrual of predetermined good conduct and performance credits.

GED – General Educational Development; a program to prepare offenders whose grade equivalency is 9.0 – 12.0 for the GED test provided through the GED Testing Services of the American Council on Education.

ISP – Intensive Supervision Program (also referred to as House Arrest) requires electronic monitoring and restriction to one’s home while not working or otherwise engaged in scheduled programs/activities approved by the supervising field officer.

Literacy – Educational classes designed for low functioning at a grade level of approximately 3.9 or below.

Medical Class

One – The offender is able to work in any job to which he is assigned.

Two – The offender may do light outdoor work to include light lifting (10-15 pounds), some construction work, etc. Offenders in this class are unable to perform logging, heavy lifting, and/or strenuous fieldwork.

Three – The offender may do any type indoor work to include cleaning, lifting, etc. The offender can not have direct exposure to sunlight.

Four – The offender may do light indoor work to include clerical or other deskwork, etc.

Five – The offender is medically unable to work. The offender must sign an authorization/waiver to be allowed to work at any job.

Offense Types:

Drug Offense – An offense involving the illegal manufacture, transportation, sale, distribution and/or possession of intoxicants and/or mood altering substances.

Sex Offense – Any offense that involves any illegal act of a sexual nature, involving illegal physical contact for the gratification of lust and/or engaging in other specific illegal activities for the purpose of sexual arousal.

Property Offense – Any offense, not in the categories of sex or drug offenses, that involves the unlawful taking, destruction, sale and/or receipt of property, be it personal or public.

**Primary Offense** – The offense (normally the most severe offense) that is listed as the first offense in the offender's current record.

**Recidivism** – A condition that results when an offender that has served a period of incarceration is subsequently released and re-offends with a resulting sentence.

**Release Types:**

**Probation Revoked New Sentence** – An offender on probation that receives a new sentence for a crime resulting in a revocation.

**Probation Revoked Technical** – An offender revoked due to a violation of the terms of probation (i.e. not reporting, drug usage)

**Parole Revoked New Sentence** – An offender on parole that receives a new sentence for a crime resulting in a revocation.

**Parole Revoked Technical** – An offender revoked due to a violation of the terms of parole (i.e. not reporting, drug usage)

**Parole Revoked Alleged** – An offender revoked due to a credible report of a violation of the terms of parole (i.e. not reporting, drug usage)

**Sentence Expiration** – The term of incarceration is completed without any conditional release (i.e. parole, ERS)

---

**Parole** – The offender is released prior to the end of the term of incarceration by a decision of the State Parole Board. During the remainder of the sentence the offender will be bound to a strict set of rules of behavior and movement.

**Probation Expiration** – The offender exits due to sentence expiration with a period of court mandate probation to follow.

**Parole with Probation** – The offender is released through parole with a court imposed period of probation that will be imposed upon completion of the period of parole.

**Shock Probation** – An offender that completes the RID program and is released on probation.

**Court Suspension** – The sentencing judge reviews the case offender's case and determines that the time served and behavior demonstrated merits release. This release type leaves the option to discontinue suspension and renew incarceration.

**Discharge by Court** - The sentencing judge reviews the case offender's case and determines that the time served and behavior demonstrated merits release. This release type does not leave the option to discontinue suspension and renew incarceration.

Probation – The offender exits prior to sentence expiration with a period of court mandate probation to follow.

ISP/Probation – The offender is released to Intensive Supervision with a period of normal probation to follow.

RID on Street – The offender is released prior to the end of RID program participation and is subject to probation requirements.

Deferred – The offender, with cause, is released for a period with the remainder of the sentence left to serve.

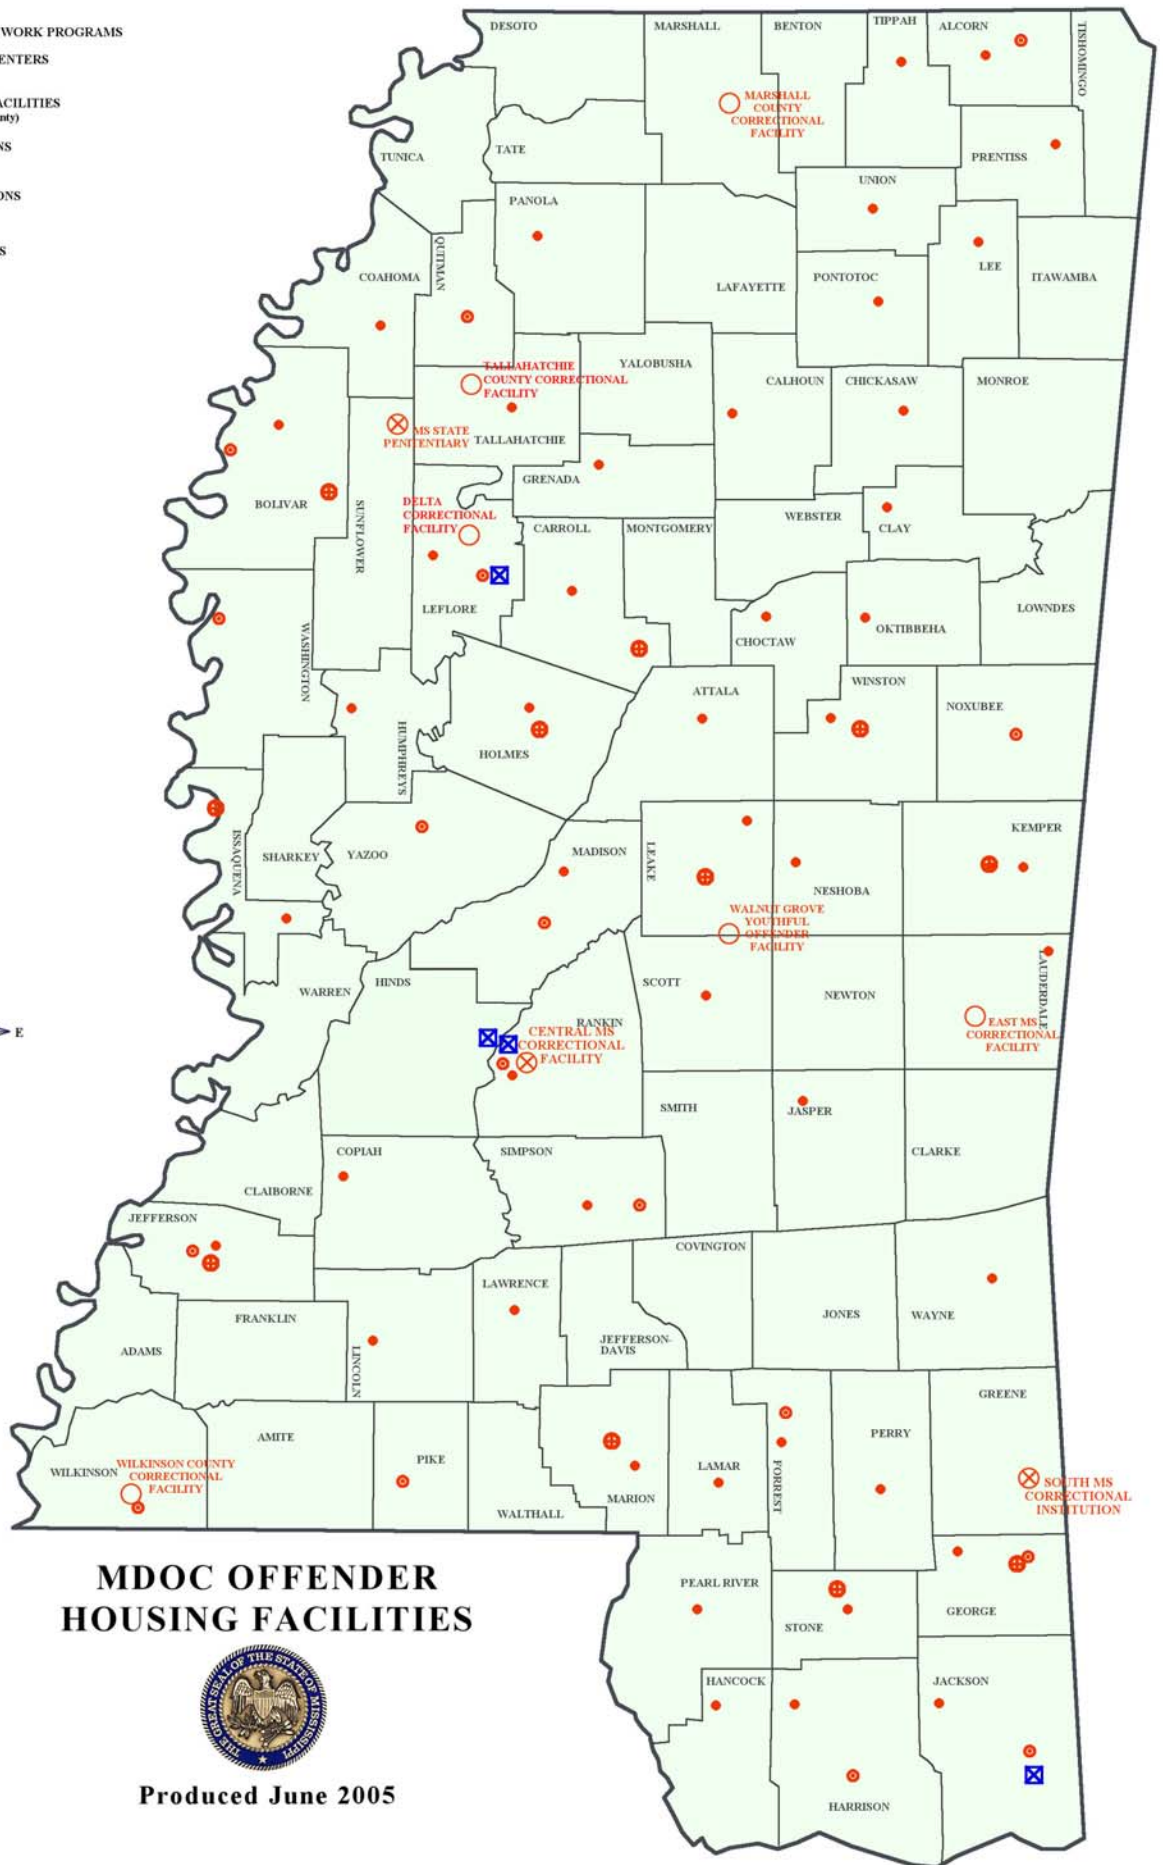

RID – Regimented Inmate Discipline (also referred to as Boot Camp) is a shock probation program that offenders may be sentenced to in lieu of a longer stay in a conventional prison.

Sentence Length Less Than One Year – These sentences result from judges imposing split sentences. To be sentenced to the MDOC by law the sentence shall be one year or longer; however, a judge may impose a sentence of a year or more with a portion suspended or otherwise. This results in a sentence length with regard to incarceration that is shorter than one year, but is still in compliance with the law for sentencing the offender to the MDOC.

Verification Pending – Offender data not entered due to lack of authentication.

# MISSISSIPPI DEPARTMENT OF CORRECTIONS

## Community Corrections Division

# COMMUNITY CORRECTIONS

## Programs

The Division of Community Corrections is charged with the supervision of offenders that are still under the jurisdiction of the state. The division conducts field supervision of offenders and oversees a variety of programs that afford offenders an opportunity to re-assimilate into the community. This Division is led by Deputy Commissioner Lora Cole.

### **Field Services**

The Field Services component of the Division of Community Corrections is responsible for the supervision of offenders released on parole, intensive supervision (ISP), earned release supervision (ERS), and sentenced by the court to probation.

### **F.R.E.E. (Facing Reality Educationally and Emotionally)**

The MDOC Division of Community Corrections has eight F.R.E.E. treatment coordinators located statewide that assist field officers in monitoring offender's treatment needs for substance abuse. In addition, treatment coordinators teach a structured life skills curriculum twice a month to assist offenders in other areas of their life that have been affected by their substance abuse problems.

### **Interstate Compact**

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the Mississippi Department of Corrections (MDOC) provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

### **Pre-Trial Diversion**

The Pre-Trial Diversion program is an alternative to felony conviction in which a defendant voluntarily submits to supervision ranging from six months to three years. Charges against the offender may be dismissed if the period of supervision is successfully completed.

### **Mississippi Re-Entry Program**

The program design consists of three (3) program functional phases: Phase I is the Institutional Phase which includes offenders that meet the age criteria of 20 to 35 years. In this phase, offenders are involved in individual case plans that consist of problem identification, attitude change through cognitive restructuring, treatment and a continual support system that begins in the institution and moves into the community for Phases II and III. Phase II consists of a Day Reporting Center. In this phase, the offender's continued educational needs are met and the offender receives counseling, substance abuse treatment, drug-testing, and family activities which are held at the center. Phase III is on-going support where the offender is fully reintegrated into the community and receives on-going mentor support.

# COMMUNITY CORRECTIONS

## Programs

### **Intensive Supervision Program**

The Intensive Supervision Program (ISP) is designed to provide a level of supervision in a community setting to offenders who would otherwise be incarcerated. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender in ISP maintains inmate status and can be immediately placed in a MDOC facility upon violation of the program.

### **Drug Urinalysis Labs**

Community Corrections field officers are responsible for routine and reasonable suspicion drug testing of offenders and random drug testing of 15% of the offender population each month.

### **Restitution Centers**

There are four restitution centers in Mississippi that assist residents in obtaining employment as a condition of their probationary sentence. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the resident's wages, after taxes, goes to the resident's family or to the resident's holding account. Upon completion of the program, residents are transferred to a field officer and remain under supervision for the remainder of their probationary sentence.

### **Community Work Centers**

The MDOC Community Corrections Division oversees 17 community work centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual, re-introduction into community life. The program includes alcohol and drug counseling, Adult Basic Education and GED preparation, literacy classes and religious programs.

Each community work center houses approximately 99 inmates that perform a wide range of labor at no cost to city, county and state government agencies and to school districts. This work ranges from community beautification projects to bridge and road work repair, vehicle maintenance, and water, sewer, and sanitation details.

### **Inmate Labor**

The offenders that serve their sentences in community work centers and restitution centers provide free labor to municipalities, counties and other state agencies. A sample of the work they perform includes highway beautification, facility maintenance, road work, and equipment maintenance. In FY 2005, the offenders in the community work centers provided entities with 3,114,056 total inmate hours, valued at minimum wage to equal \$16,037,388.40 in free labor. For the same 12 months the residents in the restitution centers provided entities with 23,877 total inmate hours valued at minimum wage to equal \$122,966.50 in free labor.

## State Prisons

The Mississippi Department of Corrections (MDOC) Division of Institutions has oversight over three state institutions, 11 county regional facilities, five private prisons, the classification and records division, treatment and programs division, and agriculture enterprises. The division is under the leadership of Deputy Commissioner E. L. Sparkman.

### **Central Mississippi Correctional Facility**

Margaret Bingham, Superintendent  
Post Office Box 88550  
Pearl, MS 39208  
601.932.2880

The Central Mississippi Correctional Facility (CMCF) located in Rankin County, Mississippi, sits on 171.3 acres and serves as the receiving and classification facility for all persons convicted of felonies. CMCF is the second oldest state facility, having opened in February 1986. CMCF serves as the only state institution to house female inmates. The institution's capacity on June 30, 2005, was 3,233. CMCF houses male inmates with special needs, to include male inmates who are disabled and require medical treatment in the Jackson area. The institution was ACA accredited in January 2003.

### **Mississippi State Penitentiary**

Lawrence Kelley, Superintendent  
Post Office Box 1057  
Parchman, MS 38738  
662.745.6611

The Mississippi State Penitentiary (MSP) located in Sunflower County, Mississippi, serves as the maximum security facility and houses only males convicted of felonies. MSP is the oldest and largest state prison, occupying approximately 18,000 acres. The institution's capacity on June 30, 2005, was 5,024. MSP operates the Agriculture Enterprises division and farmed 5,138 acres of vegetables, rice, wheat, soybeans and corn. The institution was ACA accredited in May 2003.

### **South Mississippi Correctional Institution**

Ron King, Superintendent  
Post Office Box 1419  
Leakesville, MS 39451  
601.394.5600

The South Mississippi Correctional Institution (SMCI) located in Greene County, Mississippi, serves as a medium custody facility and houses only males convicted of felonies. SMCI is the newest state facility, having opened in 1989 and occupies approximately 360 acres. The institution's capacity on June 30, 2005, was 2,214. The institution was ACA accredited in August 2002.

## Mississippi Prison Agriculture Enterprises

The mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2005 inmates worked 663,984 hours in the agriculture program.

For the crop year 2005, Agriculture Enterprises planted approximately 1,041.8 acres of vegetables, 493.8 acres of rice, 424.0 acres of wheat, 1,396.0 acres of corn and 1,365.72 acres of soybeans.

The poultry facility is in full production with a 36,000 layer capacity. A total of 548,014 dozen eggs were delivered to MDOC Food Services with a non-cash value of \$302,222 in FY 2005.

The swine operation weaned 909 litters averaging 8.22 pigs per litter with 7,474 pigs weaned. The farrowing equated to an average of 2.08 litter/sow annually. Marketed feeder hogs totaled 6,423 for \$818,606. Mississippi Prison Agriculture Enterprises (MPAE) began shipping light hogs to an outside processor in May 2001. There has been 1,304 light hogs processed with a processed weight of 113,140 that was donated to MDOC Food Service with a value of \$94,454.83 during FY 2005. The breeding herd received 240 raised gilts in the herd. The current inventory for breeding, farrowing, nursey, and finishing is 3,944.

The inventory of commodities carried over from FY 2005 had a value of \$232,517.49. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2005.

Non-cash sales for FY 2005 vegetable, egg sales, and pork processed were \$1,605,665. The total pounds of vegetable non-cash sale for FY 2005 was 3,694,379. Egg sales consisted of 548,014 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold eggs and vegetables to some private correctional institutions and regional facilities to generate cash dollars in the amount of \$12,580.70.

On June 30, 2005, the Agriculture Enterprises Special Fund had a balance of \$966,072.50. Cash income received for Agriculture Enterprises, including deposits in transit, totaled \$2,567,135.

MPAE completed construction of the feed mill during FY 2002 and the three 42,000 bushel grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2005 the feed mill produced over 32 different feed rations for hog and chicken consumption. They produced 4,732.40 tons at a price to livestock of \$764,460.

The work staff includes 16 positions. At the present time 16 positions are filled and MPAE has four (4) contract employees.

## Treatment Programs

**Mission Statement:** The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

### Mississippi State Penitentiary

**Unit 30 A-B:** The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 180 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program. The goal is to provide a continuum of care whereby treatment begins in the Alcohol and Drug Therapeutic Community to the Pre-Release Program and continues further if the offender is released to Intensive Supervision (House Arrest) with requirements to continue treatment in the community.

**Unit 28:** This is a long-term A&D Treatment Program for Special Needs (HIV/AIDS) offenders who are within thirty months, but not less than seven months of their earliest release date. This program began operation as a Therapeutic Community in April 2002. Prior to that, it operated as a 12-week program.

**Unit 31:** This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for Special Needs (Disabled) offenders.

**Unit 25:** The Pre-Release/Job Assistance Alcohol and Drug Therapeutic Community After Care Program at Unit 25 has a total of 48 treatment beds. The program's goal is to provide soon-to-be released offenders with techniques that will enhance their sobriety, employability, social and human relation skills.

### Central Mississippi Correctional Facility

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term (6 months to 12 months) Residential Substance Abuse Treatment Program (RSAT) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for Special needs (disabled) male offenders.

### South Mississippi Correctional Institution

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), for general population offenders. This program is 12 weeks in duration. It was started primarily for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program.

## Treatment Programs

### Community Pre-Release Centers

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend Alcohol and Drug classes in the evening.

### Flowood CWC

A twelve-week A&D program is offered at the Flowood Community Work Center for female offenders who are expiring their sentence, paroling or are being released on ISP.

### Community Work Centers

Alcohol and Drug Treatment Programs based on the principals of Alcoholics Anonymous are offered in 14 Community Work Centers. Offenders provide work in the community during the day and attend evening treatment sessions weekly.
